

# THE LITTLE SCIENTIST

## *The Abundant Life of the Icefjord*

### FIND THE ICE FLOE

#### *Spring bloom*

It is one out of six ice floes showing  
*The abundant life of the Icefjord.*

To each ice floe there are two questions. You will find them on the following pages.

The food web above may help you to answer some of the questions.

### FIND THE SECRET WORD

The condition for all life in the Icefjord is the organisms living under the ice and blooming in springtime. The first part of the name of these plants is ICE. Combine the letters placed at the picture of five of the ice floes to spell the second part of the name.
