

THE YOUNG SCIENTIST

The Abundant Life of the Icefjord

FIND THE SIX ICE FLOES
*showing The abundant life of
 the Icefjord*

Study each of them carefully.
 To each ice floe there are some
 questions. You will find them on the
 following pages.

Page references to the book is given;
 use them to find help for the answers.

FIND THE SECRET WORD

Take the letters in the circles
 placed by the pictures plus an
 initial F and combine them to spell
 a central biological concept (two
 words).

Hint: the concept represents
 feeding relationships within an
 ecosystem.
