

THE YOUNG SCIENTIST

The Ice Cores

**FIND THE SIX ICE CORES
START BY STUDYING
THEM ALL**

The ice cores cover four distinct time periods. To check the time periods, tap the screen. To each ice core there are two questions.

Write or draw the answers on the answer sheet. To find answers to these questions, look at the image, find the year, and read the text on the screen. Some you must decide for yourself.

FIND THE SECRET WORD

Combine the letters in the circles to a word and add an A. Hint: Ice core research can help with understanding the ... :

The word is:
