

THE YOUNG SCIENTIST

Eleven movements of the cryoscape

FIND THE ROOM ELEVEN MOVEMENTS OF THE CRYOSCAPE

Read the text on answer sheet 1 before entering.

On the sheet there are three questions. The first two must be answered before entering the room, the last must be answered afterwards.

In the room there are eleven speakers with sounds from different seismological stations.

Start by listening. The order is up to you.

For each sound note what you hear from the station. (answer sheet 2)

Choose three stations you think stand out. Write the name of the station, the sounds you heard and what mood you experienced. (Answer sheet 3)
