

THE YOUNG SCIENTIST

Glaciers and the ice sheet

**TAKE A GOOD LOOK AT THE
THREE ICE FLOES AND THE
TABLE MODEL.**

To each ice floe and the table model
there are three questions. You find
them in the answer sheet.

Write or draw the answers to the
twelve questions on the answer sheet.

The answers can be found in the ice
floes, the book and on the table model.

FIND THE SECRET WORD

Combine the four letters in the
circles to a word.

The word has six letters, and the
extra two are these: P & A.

The word is the name of a
supercontinent:
