

THE YOUNG SCIENTIST

Iceberg

GO TO THE FIVE ICE FLOES SHOWING ICEBERG

To each ice floe there are three questions on the answer sheet. Write or draw the answers on the sheet.

The book *Iceberg* can help you with answers to some of the questions.

FIND THE SECRET WORD

In the ice floes you see different ice crystals. What do the water molecules gather around before becoming ice crystals?

Combine the letters in the circles to form this word.

The word is:
